Staff will be happy to answer any questions you have about our school's programs. Morning tea will be provided during this session, allowing parents to engage in discussions about school and develop relationships with other Prep parents and school staff.

Our School Captains will share anecdotal stories about our school, based on their own personal experiences.

Pathway to Prep Program

At Narre Warren North Primary School it is most important to us that all children feel happy and secure. Our school aims for all children to reach their full potential in a supportive learning community where students are motivated and challenged to become independent and successful learners.

To help achieve this we are providing a Pathway to Prep Program for enrolled 2017 Prep students. The aim of this program is to provide your child with a smooth, enjoyable and secure start into school.

Parents are welcome to settle their child at the beginning of the session to ensure they feel confident within the classroom. We highly recommend that children are given the opportunity to bond with their peers and teachers to develop lasting relationships. The students will be involved in a variety of exciting school activities where they can begin to participate in 'school life' and feel part of the school community.

Prep Buddy Program

Prep students will have a Grade 6 Buddy. The role of our buddies is to guide Prep students, particularly in their first 2 weeks of school to ensure they feel safe and secure in the classroom and the playground. They will continue to engage in experiences together and will develop a strong relationship with their buddy that will last throughout the year.
